MARION HIGH SCHOOL
MARION, VIRGINIA

1963

Foreword

WE SEE OURSELVES AS OTHERS SEE US — The Hurricane Staff of 1963 proudly presents this, our theme, as we capture our image through the telescope of our distinguished visiting professor Gaylord, the evaluator. You may have seen him peering around the corner of your English class or taking notes during a Student Council meeting, as both regular and extra-curricular activities at Marion Senior High School were evaluated.

We are deeply indebted to the patrons of our community and to each student and faculty member whose generous cooperation has made the publication of the 1963 Hurricane possible.

It is the sincere wish of the Hurricane Staff that, as you look through these pages, it “will lead your thoughts to high school days, the sweetest time of life.”

MARION SE

INTRODUCTION

Dedication

“Character is the result of two things: Mental attitude and the way we spend our time.”

To the man who is devoting his life to helping others;

To the man who is willing to guide us even in trivial matters;

To the man who has given of his time so generously, whether on the athletic field, the classroom, the club meeting, or the home;

To the man who realizes that failure is not in the grade or the score, but only when we fail to do “our best”;

To the man who always desires and encourages us “to dedicate our lives, our all, to doing the best things in life,”

We, the HURRICANE staff, wish to express our admiration and thanks to our coach, teacher, friend, and athletic director by dedicating this, the 1963 HURRICANE, to Mr. Charles E. Harkins.

Administration

Principal's Message: Marion Senior High School now offers three courses of study: College Preparatory, Commercial, and General. Marion Senior High School offers twenty-three units of work in the academic field, including five units in English, six units in mathematics, four units in science, three units in history, world geography, and two units each in Latin and Spanish, eleven units of work in fine arts, including three units in art, four units in chorus, and four units in band; twenty-one units in practical arts, including two units in industrial arts, four units in agriculture, three units in home economics, two units in mechanical drawing, nine units in business education and one unit in distributive education. Within the framework of our offering, the administration has planned and worked during the past year to make Marion Senior High School a better school in the following ways:

(1) The Principal attended the Virginia Education Association Convention in Richmond, Virginia, in October, 1962, and many other similar conferences of a local or regional nature. These conventions helped the administration to keep up with current happenings in education on nationwide, statewide, and local levels. (2) The administration has made many appearances before civic clubs, PTA groups, church groups, Chamber of Commerce groups, and other groups telling about various school activities. (3) There are now five groups of accelerated students. Students from the first group of accelerated students are now enrolled in advanced mathematics, advanced biology, and other elective courses. (4) A special effort was made to help all students work out an individualized study program for the year. (5) A complete study of failures in the school during the first semester was made by parents, students, and teachers. The standard of work throughout the school was raised as a result of this study. (6) An exceptionally well-planned preregistration procedure helped the students, parents, teachers, and administration plan the school program for the approaching year. (7) The school is now involved in a self-evaluation of the total school program. This evaluation will culminate with a visit in April, 1963, from a special evaluation committee of educators who will spend three days evaluating Marion Senior High School.

JOHNNY BARR

The President of the Student Cooperative Association upholds the standards of the SCA with enthusiastic, courteous, and intelligent leadership. He presides at all assemblies and meetings of the student body and advisory council. He must be alert to recognize the needs of the student body and to guide the executive council in setting up the aims for the school year.

As we leave our Alma Mater, we sing:

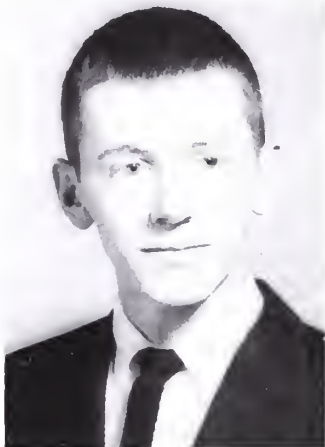

Patricia Jean Aker:
"He who knows her knows a friend."

Linda Lynette Anderson:
"Teach me half the gladness she
must know."

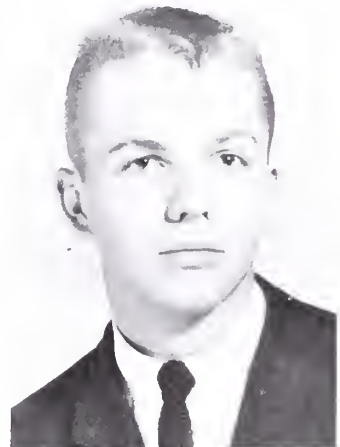

Peggy Louise Armstrong:
"The finest souls are those of goodness."

Randall Gene Arnold:
"The deeds of the leader shall live."

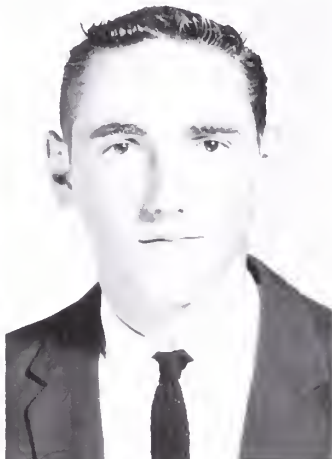

William Ellis Asbury:
"When I'm bowling you can't hear a
pin drop."

Dennis Cameron Atkins: "The only
advice that I accept in this world is that
of the still small voice within me."

Roy Clarence Atwell:
"A good life is an industrious one."

Tommy Lee Atwell:
"A life without mischief is no life at all."

Wilma Dean Bales: "A good listener is
not only popular everywhere, but after a
while she knows something."

Anne Wilburn Barker:
"It pays to keep your feet on the ground
but keep them moving."

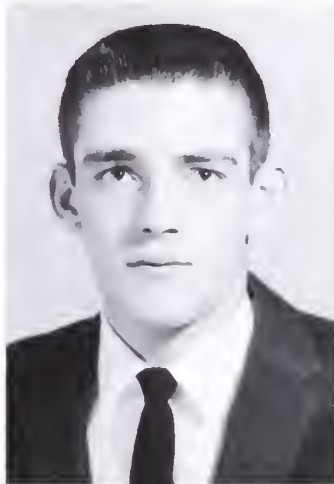

Oh, never may a shadow fall upon thy cherished

Royce Dean Barker:
"Politeness costs nothing but gains everything."

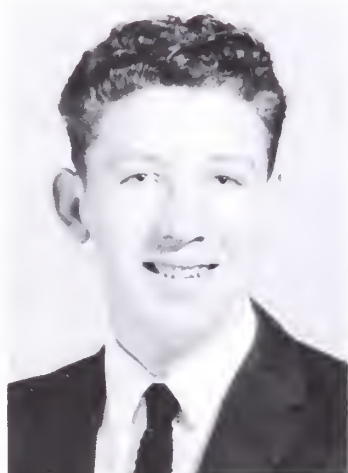

Janice Sturgill Barr:
"Happiness was born a twin; share it with someone."

Johnny Roscoe Barr:
"If smiles and friends were wealth, he would own the world."

Doris Jean Beverly:
"Getting ready is the secret of success."

Bobby Ray Blevins:
"An essential of a happy life is freedom from care."

In May of last year, the seniors anxiously ordered their rings.

Dean Franklin Blevins:
"I am as I am and I like it that way."

Mary Ann Blevins:
"No matter what she does, she does it well."

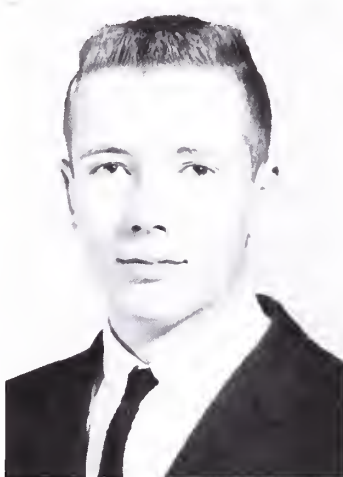

Sharon Raye Bomers:
"However rare true love is, true friend is rarer."

name, Oh, never may thy sons and daughters

Nancy Jean Boone:
"Behind those eyes mischief lies."

John Tally Booth:
"Like the deep blue sea, always calm."

Elizabeth Ann Buchanan: "Charm is a glow within a woman which casts a most becoming glow on others."

Betty Jean Burchett:
"Good friendship, like wine, improves as time advances."

Susie Virginia Burkett:
"When the time of year turns to fall, this young girl's heart is in basketball."

Carolyn Juanita Call:
"Kindness is to human nature what sunlight is to snow."

Winston Douglas Clark:
"Men love to wonder and that is the root of our science."

Anne Katherine Courtney:
"Her deeds are outweighed only by her cheerfulness in doing."

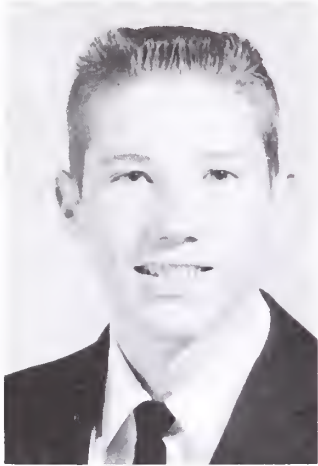

Sandra Sue Cregger:
"She always wears a smile."

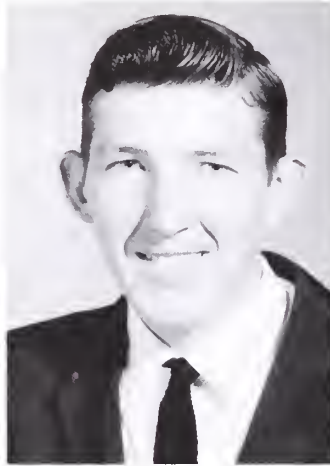

Norma Jean Cress:
"Manners are her happy ways of doing things."

bring thee reproach and shame,

Craig Brott Davis:
"Talent has its own voice."

Harry Lee Dean:
"Quality comes in a tall package."

Lucille Ann Deatherage: "I don't mind living in a man's world as long as I can be a woman in it."

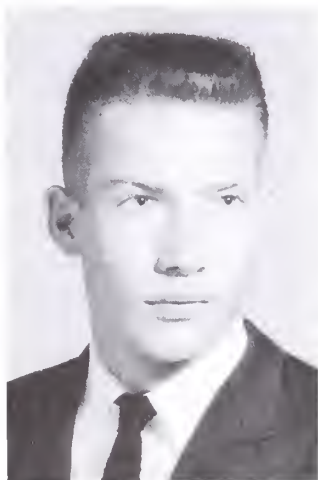

Regina Lee DeFriece: "A pure heart, like a mirror, reflects all objects without being sullied by others."

Theresa Lynn Dishner:
"Beauty and a smile make a pleasing combination."

At last the long awaited rings arrived!

Willis Joe Farmer:
"It's more important to know where you're going than to get there quickly."

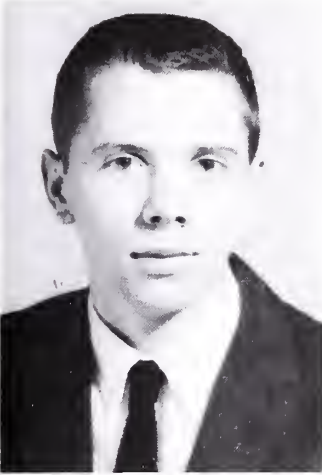

Walda Ruth DuPriest:
"Where she met a stranger she left a friend."

James Arthur Fishel:
"Tis good will that makes intelligence."

Before us as a flaming beacon

Donald Lee Fisher:
"Action makes more fortunes than caution."

Bonnie Anne Foster:
"Verily the best of women are those who are content with little."

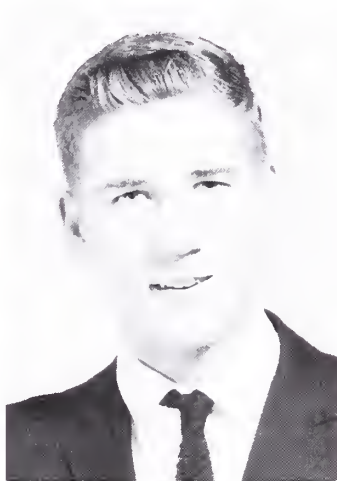

Janet Ruth Francis:
"An artist is a dreamer consenting to dream of the actual world."

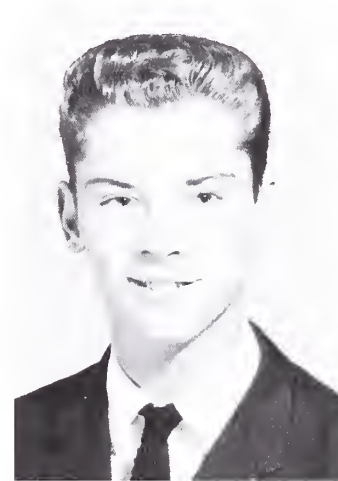

Glenda Kaye Frazier:
"The best way to have friends is to be friendly."

Linda McKinnon Freeman:
"Paradise was lost through a woman, but through a woman it is also regained."

Robert Wayne Funk:
"A happy life stems from a tranquil mind."

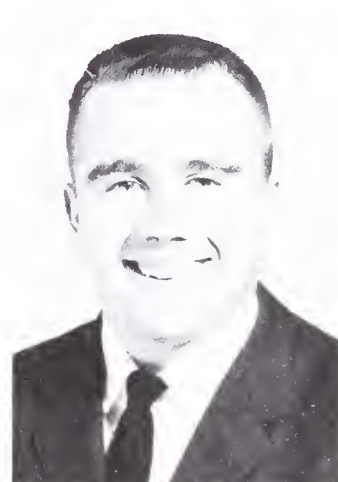

Dennis Ray Gilbert:
"The way to have friends is to be one."

Nancy Lee Goodpasture:
"A noble deed is a step toward God."

Wanda Carmella Goodson:
"Content and goodness in her life shine."

Peter Charles Grissom:
"His heart is always in the sky, in hopes that he will always fly."

that guides the wanderer to shore.

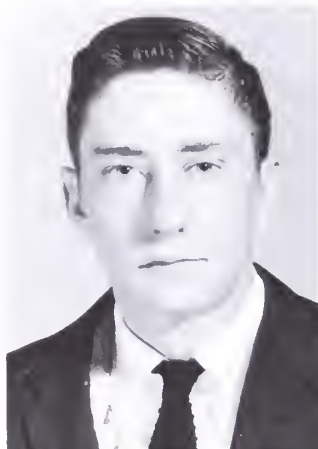

William Augustus Gullion:
"Men of few words are the best men."

Marcella Jane Hall:
"Some works are beautiful without ornament."

Ivan Kent Hanshew:
"Determination walks hand-in-hand with success."

Harold Douglas Harden:
"Fun is the cheapest medicine that has ever been discovered."

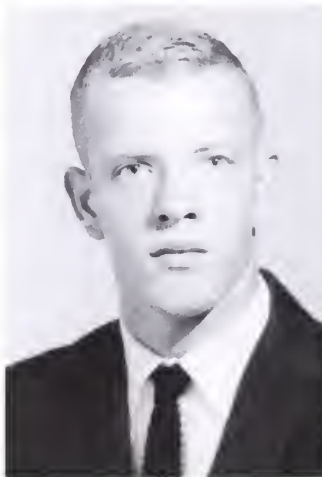

These seniors represented their school at Virginia Boys' and Girls' State held in Blacksburg and Radford.

Louise Virginia Harris:
"We tire of those pleasures we take, but never of those we give."

Ruby Mae Harrison:
"It's better to be small and shine than to be large and cast a shadow."

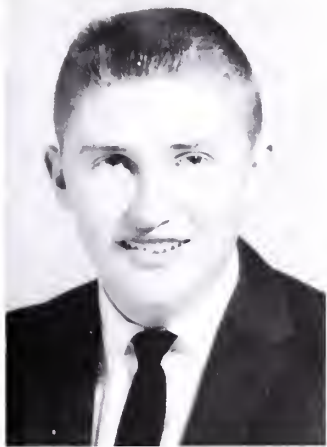

Charles Lee Hastings:
"To be satisfied with life, first be satisfied with yourself."

William Clark Hastings:
"By confidence great deeds are done."

Thou Marion dost lead us onward,

Claude Eugene Helton:
"With a merry smile and a word of
cheer for all."

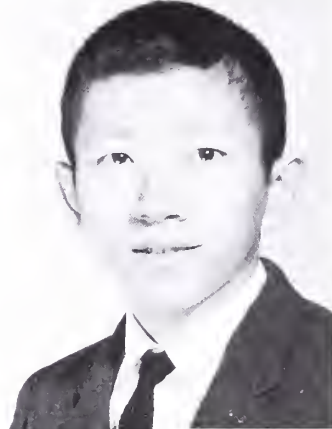

Marjorie Lola Hess:
"In her quietness there is charm."

Michael Clinton Hicks:
"Variety is the spice of life,
and I like spice."

Paul Preston Hicks: "To him, each
morning is the yawn of a new day and the
sunrise is a pair of red socks."

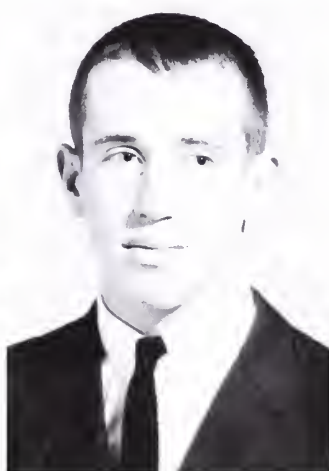

Ju Chang Ho:
"A man of hope and forward-looking
mind."

Miao Ying Ho:
"Sweet, petite and liked by all."

Gerald Dwight Holdaway:
"Ah, why should life all labor be."

Joseph Hall Hutton:
"A rolling stone gathers no moss,
but who needs moss?"

James Sherrill Ingram: "He made some
points, some rebounds too, and kept us
cheering the whole year through."

Carol Ann Johnson:
"People like her make the world
go around."

our guide for evermore.

Ronnie Lee Johnson:
"No one knows what he can do until he tries."

Sandra Victoria Johnson:
"With locks of red and a heart of gold."

Clifford Randolph Jones:
"What a pity to be born a rascal and be handicapped by a conscience."

Phyllis Ada Jones:
"Neatness is her crowning grace."

Kate Powell Kegley:
"Her love is but for one alone."

Our seniors on the football team were honored with a cake.

Anna Maria Kinser:
"Friendship is a quality; its very presence makes the heart warm."

Jeannette Marie Lee:
"Industriousness and intelligence guarantee success."

Charles Raymond Lindsey:
"They are never alone who are accompanied by noble thoughts."

Oh, Marion, the coming years

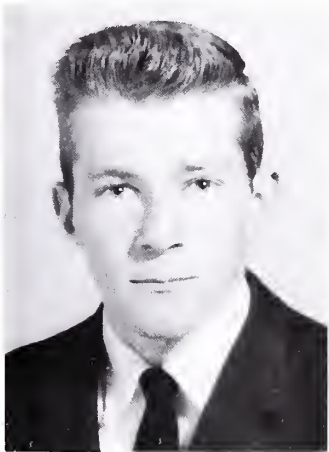

Carolyn Patricia Litton:
"Walk softly and carry a big smile."

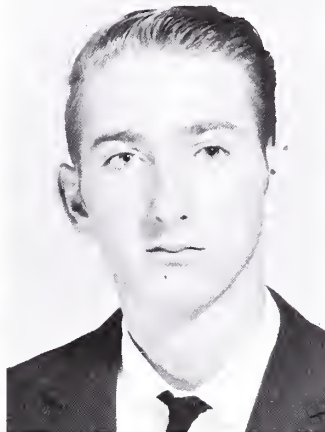

Jerome Wallace Lucas: "I'll not listen to
reason—reason is always what someone
else has to say."

Phyllis Sharon Luquer:
"Leave silence to the saints,
I am but human."

Roger Tim Martin:
"He who can endure all can dare all."

Roy Osborne Martin:
"Little I ask, my wants are few."

Judith Dianne McCall:
"She's small, but so is a stick of
dynamite."

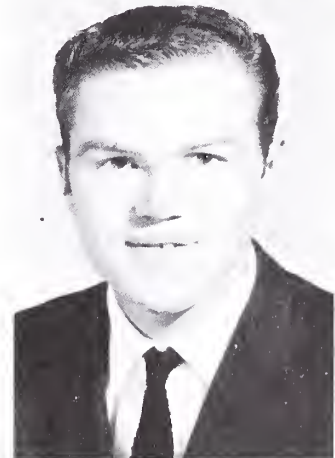

David Kemper McCloud:
"The business life is to go forward."

Dorothy Shupe McFarlane:
"A warm personality is beauty's
greatest asset."

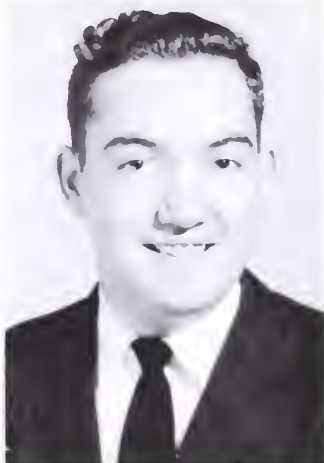

Neva Jane McKay:
"Cheerfulness keeps a kind of daylight
on the mind."

Samuel Keenan McPherson:
"He who sows courtesy reaps
friendship."

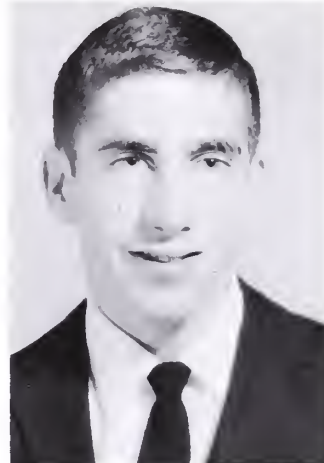

will never dull our love for thee,

James Kenneth McVeigh:
"My trade and art is to live."

David Lyn Meek:
"You can set a better example with your life than with your words."

John Rush Millard:
"The strongest man on earth is he who stands alone."

Charles Edward Morris:
"To me the charm of an encyclopedia is that it knows and I needn't."

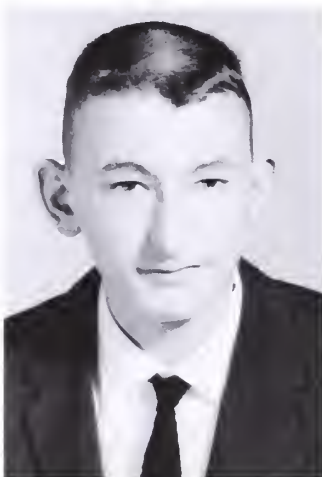

Deanie Elizabeth Olinger:
"All succeeds with those who are sweet and cheerful."

Seniors serving at local banquets.

Fred David Osborne:
"Like a postage stamp, he sticks to his work till he reaches his goal."

Thomas E. Dewey Overbay:
"A great pilot can sail even when his canvas is torn."

Margaret Jean Owens:
"A good and charming girl never tires of her goal."

The hours we spent within thy walls

Aleta Fay Parks:
"Good nonsense is sense in disguise."

Esty Delaine Parks:
"The only time she's happy is all of the time."

Philip Dale Patterson:
"Logic is the anatomy of thought."

David Wayne Pickle:
"To give a reason for anything is to breed doubt about it."

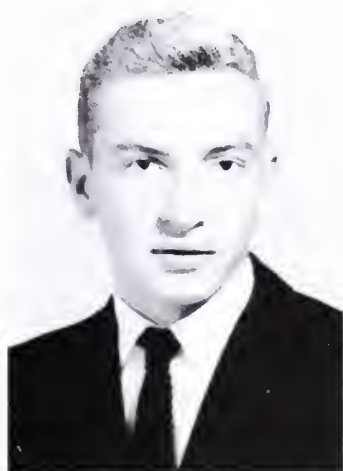

Donald Wayne Powell:
"Everyone is a man and must keep one side hidden."

Joseph Gale Pugh: "Whenever I feel the urge to study coming on, I lie down until it passes over."

Grover Howard Quillen:
"If you must rule the world quietly, you must keep it amused."

Robert Paul Repass:
"What you can't find on earth is not worth seeking."

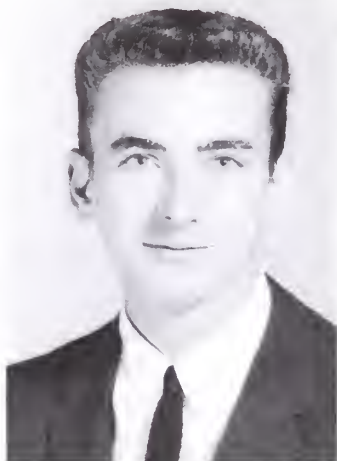

Stuart Benton Rich:
"Diligence is the mother of luck."

Peggy Ann Russell:
"One way to save face is to keep the lower half of it shut."

William Henry Schrader:
"If you think before you speak, the other fellow tells the joke first."

Off to Washington!

Kenneth Wayne Scott:
"Work fascinates me; I could sit and stare at it all day."

William Albert Scott:
"A man's growth is shown in the number of his friends."

Anna Carolyn Sharpe:
"Goodness is the only investment that never fails."

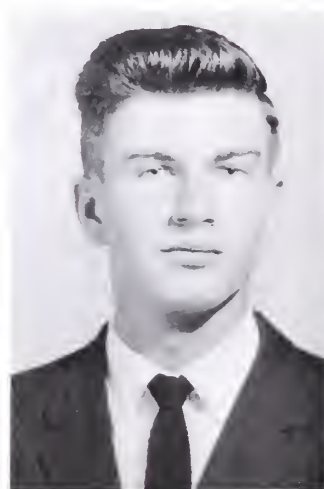

Louise Edna Sherlin:
"There is an air of happiness all about her."

Doris Faye Sherwood:
"She that seeketh findeth."

Karon Lecreta Slagle:
"Joy is not in things; it is in people."

Kenneth Ferguson Sledd:
"I agree with no man's opinions; I have some of my own."

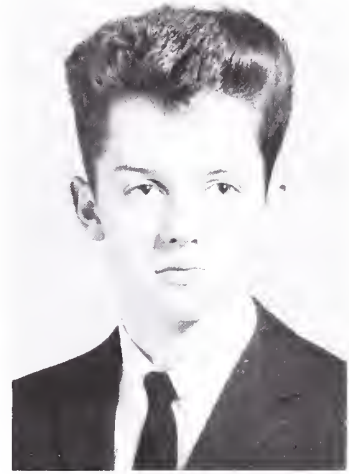

The noise and tumult of the world,

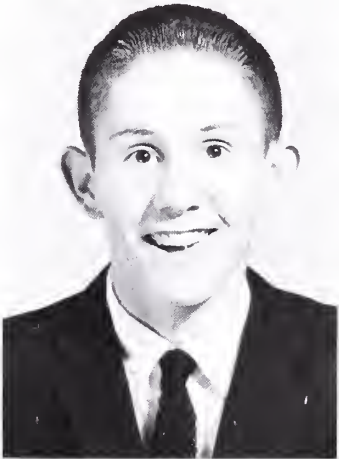

Sandra Mae Smith: "The whisper of a beautiful woman is heard further than the loudest call of duty."

Kirk Edgar Spitzer: "Great men have purposes; others have wishes."

Harry Preston Stephenson: "Who so be a man would be a non-conformist."

James Archie Stoots: "Nothing great was ever achieved without enthusiasm."

Dewey William Testerman: "I will find a way or make one."

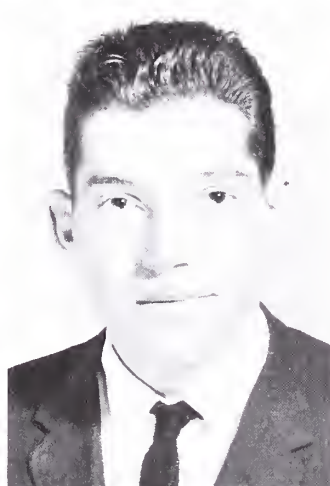

Linda Lou Testerman: "The smallest candle shines as bright as the tallest."

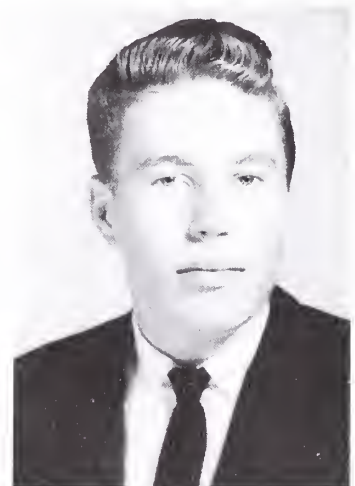

Vanda JoAnn Thomas: "'Tis by no means the best of life's rules to let things alone."

Janet Marie Tuell: "Cute, intelligent and sure to succeed."

Harold Dean Varney: "Good intentions are the seeds of good action."

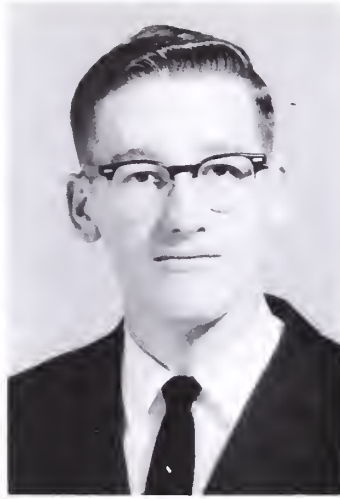

Walter Ellsworth Waddell: "To study doesn't scare me—in fact, it doesn't bother me at all."

the bitter storm and strife,

James William Walls:
"The shallow murmur, but the deep
are silent."

Jerry Kenneth Walls:
"Common sense is not so common."

Ellen Carol Wassum:
"Giving our best today makes for a
better life tomorrow."

John Walter Weaver:
"A man in earnest finds means, or
cannot find, creates some."

David Lewis Wheeler:
"A man of gladness seldom falls
into madness."

Shirley Frances Whisman:
"When hearts are true, few words
will do."

Dorothy Eleanor Whitt:
"Knowledge comes but wisdom lingers."

Betty Sue Winebarger:
"Friendship is the only cement that will
hold the world together."

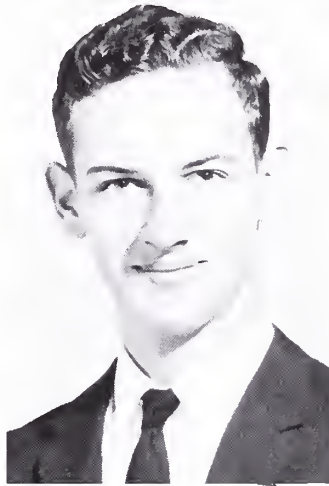

Aches and pains in the Donkey ballgame.

*will lead our thoughts to high school days,
the sweetest time of life.*

Roy Lee Winters: "Had I to carve an inscription on my tombstone, I would ask for none other than 'the individual.'"

David Richard Wolfe: "I believe in getting in hot water; I think it gets you clean."

Margaret Ann Yonts: "A loveable girl with a determination to succeed."

CLASS ACTIVITIES

We were confronted with Scientific Problems

The Physics class experiments with electrical kits.

Physics joins science and mathematics. The solution of mathematical problems involving physical principles make up a large portion of the course. Development of an appreciation of science through demonstrations and experiments is a very important objective and contributes to making physics a course for students who are interested, capable, and not afraid to work hard.

Physics satisfies the curiosity of students about the phenomenon of the physical world and has practical value for everyone. Topics studied include gravitational force, force and motion, machines and work, heat, power and energy, electricity and magnetism, sound, light and radiation, and electronics and nucleonics.

Mr. Cox explains an experiment to his Chemistry class.

Chemistry is the science dealing with the study of the composition of materials, the structure, chemical and physical properties, and uses. The students conducted experiments and learned many useful ideas of skills that can be used in later life.

"What's so funny?" asks Miss Sadler of her Biology class.

The primary objective of Dynamic Biology is to develop in students an appreciation for the subject. Dynamic Biology is based on the concept that students learn best when challenged by problems relating to the biological interests of modern daily living and when stimuli are raised to dynamic levels. In the beginning of the course, the difference between the living and non-living is studied by comparing characteristics. The structures and vital processes of many living organisms are studied. Those of the human are studied rather extensively. Interrelationships between living organisms and their environment is stressed also. The classification of plants and animals is studied to a moderate extent.

as well as Social Problems

Good citizenship is a way of life and eternal vigilance is still a necessary safeguard to our liberty. In our government classes we strive to make each student realize these responsibilities in our ever changing society. In learning about our documents he attains a knowledge of our rights, our privileges, and our duties.

Government on a National, State, and Local level is studied and international affairs are correlated through the use of a weekly newspaper.

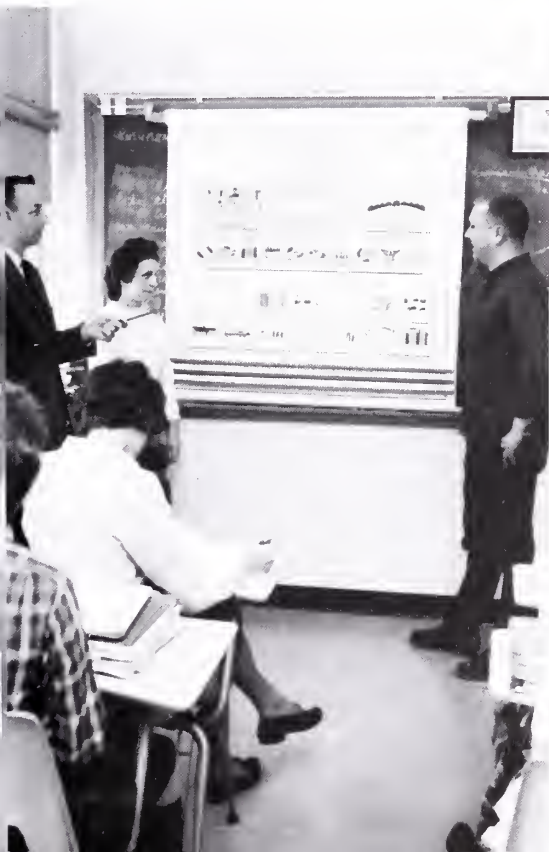

Mr. Hankla and his students post a bulletin board on Renaissance Art.

World History stresses the cultures of the past—Egyptian, Mesopotamian, Greek, and Roman—as well as the Reformation, the Age of Revolutions, and rivalries among world powers in relation to their effect on the world today.

Bulletin boards on such topics as the Crusades, Renaissance Art, and Historic Costumes have enriched the study of World History.

r. Harkins explains the branches of the national government to his class.

Mrs. Echols shows her class the Constitution and the Declaration of Independence.

Since a knowledge of the past is necessary to any understanding of the present, we endeavor through the study of local, state, and national history to give the student an appreciation of his nation's ideals, traditions, and development.

Effort is made to increase the student's ability to read critically, and to evaluate evidence as to its significance. To supplement his reading there is instruction in the interpretation of maps, graphs, tables, and charts. It is hoped that the student will gain a deeper understanding of the influence of the men and women who built America, and the scope of history by reading biography, and preparing research papers. Throughout the year the interests, problems, and controversies of today are emphasized.

We Studied Academic Math

Mrs. Werth and her class seem to find three-deminsional figures funny.

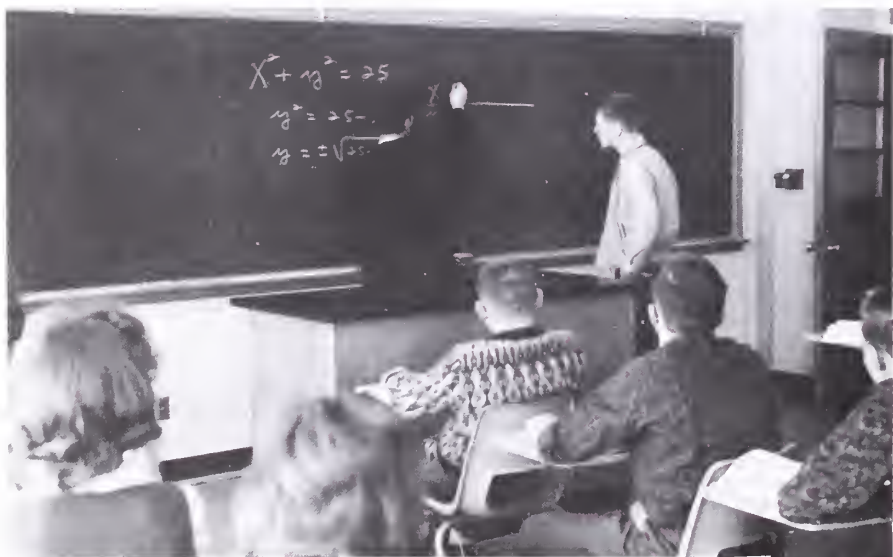

Solid geometry is a one-semester course open to Juniors and Seniors with trigonometry being offered the other semester. Through this study, the students' knowledge and discovery of geometrical truths are extended into three-dimensional space, and his understanding of the nature of logic and his computational skill in the measurement of common geometrical solids is developed.

Students of Plane Geometry learn the components and the properties of two-dimensional geometric figures. Developing the ability to think and reason logically and learning to make accurate constructions using precision instruments are stressed.

An excellently equipped mathematics laboratory and a 300-volume mathematics library contribute greatly to an effective and interesting course in Plane Geometry.

Miss Digg's Plane Geometry class studies angles.

The Algebra class studies the graphing of the circle.

The Algebra program at Marion Senior High School is a two-year course. One builds upon the other. The first year is spent learning the basic concept and fundamentals of the course, while the second year concentrates on more theory and goes deeper into first year learning. With the new mathematics laboratory and equipment, the classes have been able to comprehend the ideas more quickly and easily.

and Commercial Math

Terminal Mathematics is taught in the junior or senior year for the students who are in the general or commercial course. It is planned for those pupils who need more knowledge in the fundamentals of mathematics and in the application to everyday problems and needs. The course is organized so that the student may work on individual needs and on application to everyday consumer or vocational problems. To accomplish this end, we try to develop our efficiency as far as possible in all the fundamental processes of mathematics. We study units in Statistics, Better Buymanship, Using Consumer Credit, the Family Budget, Insurance, Taxes, and Measurements. We thus get many experiences which will aid us in our home and in our chosen vocation. "WE LEARN TO DO BY DOING."

Terminal Math class intently listens to a lecture by Mr. MacDonald.

The Business Math class and Miss Sutphin study their lesson.

Business Math is designed so that it has value for personal use as well as for business use. The class is organized so that the beginning units develop the fundamental principles and operations through a study of problems faced by every individual in his daily life. The principles and processes developed in the beginning units are then applied in subsequent units dealing with more advanced concepts.

The basic procedures to be applied in keeping records systematically and accurately are offered through the study of bookkeeping. Neatness and good penmanship are stressed as students learn the importance of written records to an individual or to a business concern. High school bookkeeping may be used as a basis toward a possible career in accounting.

Mrs. Overbay dictates as her students copy into their ledgers.

We Mastered Our Own Language

The course in senior English correlated a survey of English literature with experience in all types of written composition. From the pupils' writing emerge lessons in grammar and usage of the English language. Six book reports were required during the year.

Grover Quillen points out the deadline for the term papers.

Mrs. Burton's English class puts up a bulletin board about the parts of speech.

Alternating units in grammar and literature constitutes the program for English II. In grammar emphasis is placed on recognition and use of different parts and types of sentences. Sentence relationships are practiced by use of diagrams. Shakespeare's *Julius Caesar* and George Elliot's *Silas Marner* are among the many various works we read.

Sophomore English studies verb tense with Mr. Jordan.

as well as Foreign Languages

Mrs. Courtney's English class enjoying slides concerning sentence structure.

Ninth grade English is a correlated study of literature, composition, and grammar with emphasis on correct usage of grammar in speaking and writing Book reports, creative writing, short themes, spelling, and vocabulary study serve to make the course more enjoyable.

The Latin classes have numerous experiences in learning the language and in gaining an understanding of the culture of the Roman people. They use maps, charts, films, studies of English derivatives, and structural drills. Self-made notebooks and culture books, supplement reading materials, and the text book serve as a basis for a continuous study of Roman culture. Individual and concert reading, dictation, and speaking the Latin language, based on stories and literature, give practice in acquiring skills and inspiration in finding cultural values. It is a fascinating experience to learn gradually habits, customs, language, and literature, and find the contributions made by the Romans to our own culture.

Miss Neff's Latin scholars study Caesar's commentaries.

The Spanish class listens to Miss Gate's translations.

The guiding principle of the Spanish Department is that language is a living thing. It is a method of communication and expression. We want the student to live the language as much as possible, and achieve a broader understanding of the world today.

In the two years of Spanish at MSHS, a student has a basic foundation of Spanish and is prepared for Intermediate College Spanish. We put as much emphasis as possible on the spoken language.

In addition to the mechanics of the language, the student is exposed to the culture, literature, and history of the Spanish people.

We Enjoyed Vacations

In Mechanical Drawing the student learns how to use the tools of the draftsman, "T" square, triangles, scale, compass, and the drafting machine.

The following kinds of drawings are taught: Orthographic Projection, Dimensioning, Sectioning, Pictorial Drawing, and Lettering.

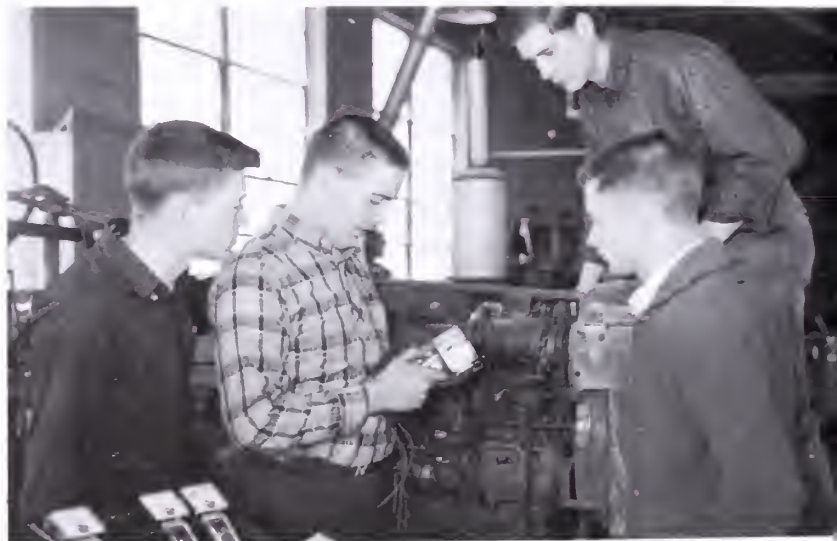

Mechanical Drawing labors industriously on their drawings.

Mr. Vicars helps Industrial Arts with their cabinets.

The Vocational Agriculture Department provides for farm boys and students who wish to work in agriculture with training to enable them to follow a career in Agriculture. It provides training for both efficiency in farming and agri-business. Classroom and farm shop instruction are provided for students.

Students have an opportunity to apply what they have been taught through judging contests, crop and livestock exhibits, field trips, Agricultural Expositions, and the students own home farm.

Agriculture students and Mr. Robinson checks the tractor's battery.

and Commercial Courses

Miss Sutphin helps her Typing class with their problems.

Typing I involves the teaching of the basic techniques and skills necessary for advanced business courses and future office work. Competitive drills and problem work are used to "spur" the students to a minimum of 30 words per minute; some reach as many as 60 words per minute. In Typing II, the minimum speed requirement is 50 words per minute. Upon the completion of this course, the student is capable of performing any typing duties that he might encounter in today's modern office.

Shorthand I deals with the basic alphabet and word families of shorthand. This class is the foundation upon which the various speeds are built. First year students may range in speed from 60 to 120 words per minute, based on five minutes of dictation. These courses are enjoyable as well as essential for personal and business reasons.

Mrs. Tester directs as her students dictate, write, and transcribe shorthand.

Mrs. Overbay explains Office Practice procedures to her class.

Office Practice offers modern, up-to-date facilities which enable students to become acquainted with conditions which would be found in an actual business office. The students are informed on how to operate office machines by routine practice on ten-key and full-key adding machines, rotary calculators, electric typewriters, dictating and transcribing machines, duplicating and mimeographing machine. A practice set offers first-hand experiences in filing materials alphabetically, numerically, and geographically.

We Developed Ourselves Physically

Home economics is concerned with the application of knowledge to the job of homemaking and family living. The course teaches education in homemaking for the present as well as preparation for homemaking in the future. Any girl may take home economics for one, two or three years. This year's program has included work in foods, meal preparation, caring for and constructing clothing, child care, home nursing, money management, family life, and housing.

Miss Wallace shows the class how to prepare refreshments.

The boys physical education program has emphasized physical fitness to a great extent during the past year. Fitness tests were given in the fall and again in the spring to check the progress during the year. Activities that were taken during the year were as follows: touch football, speedball, field hockey, volleyball, tumbling, handball, group games, wrestling, weight-lifting, use of isometrics, archery, softball, track, tennis, and golf. On Fridays the boys and girls combined classes and learned dance steps. In the classroom the rules and fundamentals of sports were taught two days a week. The Freshman students studied Driver's Education and the Sophomores studied Mental Health.

The girls physical education class playing volleyball.

The girls physical education of Marion Senior High School provides various activities. In the form of physical activities, the girls participated in archery, tennis, badminton, field hockey, volleyball, tumbling, basketball, track, golf, and softball. On Fridays, the girls and boys combined and learned many useful dance steps. In the classroom, the Sophomores studied Mental Health and the Freshman studied Driver's Education.

Mr. Chapman explains the techniques of wrestling to his class.

as well as Artistically

In art class the students learn the basic techniques of manipulation of materials, media, and tools. They enjoy the experience of both individual and group work where they often work closely with several of the other classes and assist in many of the school projects. The art students are encouraged to be creative in their work. They enter local, state, and national competition where creativity is one of the main factors in rating the art work. The art students also participate in two local art exhibits each year. They make an active contribution to the life of the school by carefully planning purposeful bulletin boards for all occasions.

The art class drawing and carving.

Mr. Armistead directs the chorus in warm-up exercises.

Chorus is a class made up of singing, and the study of things pertaining to singing. The students' grades are derived from participation, attitude, and test scores. We have fun and try to be seriously interested in singing. Through our daily singing, we prepare selections for performances.

Speech and dramatics activities emphasize the development of the natural speaking ability of each individual. This is done by formal and informal speeches, criticism, prose and poetry readings, and dramatic activities. Learning to use the basic forms of speaking is elementary in productive and pleasurable life.

Mr. Jordan directs the Dramatic Class in reading *Hamlet*. Page 77

We Studied Advanced Courses

This fifth year of College Preparatory Mathematics is being taught for the first time in our school. The purpose of this course is to bridge the mathematical gap between intermediate algebra and the calculus with a treatment that includes the standard element of trigonometry, analytic geometry, and college algebra. Success in Advanced High School Mathematics indicates that student should be able to start calculus as his first college mathematics course.

Students who like to think and enjoy learning regarding concepts find a challenge here. The content and scope of the course are varied to provide a test of the student's purpose and determination in obtaining a scientifically oriented education.

Advanced Math class studies probability.

The Advanced Biology class is working on individual projects.

Advanced Biology is offered to students interested in some phase of biology for college preparation or pre-professional education. The need this year indicated an emphasis in human physiology and anatomy. The course is designed to encourage critical thinking. In addition to reviewing basic biology principles, the course extends genetics itself into specialized units. Evolution and field trips, special laboratory exercises, and research projects enrich class discussions and lectures by teachers, students, and people.

and Enjoyed a Variety of Activities

The purpose of General Business at Marion Senior High School is to give the students an understanding of the business world through the study of Banking, Insurance, Credit, Transportation, and Communication. The General Business classes this year prepared a term paper in which they set up their own business or retail store within the community using each phase of study covered in the course

Mr. Ward supervises the General Business class as they work problems.

Miss Sutphin explains the principles of Record keeping

Record Keeping is a new addition to the business department this year. This course is designed to train students in the handling of business papers and records up to the point where double-entry bookkeeping takes over. After successfully completing a year of Record Keeping the student is capable of doing some basic record keeping in an office as well as taking care of his personal records.

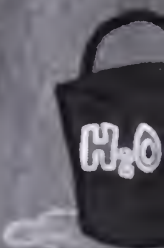

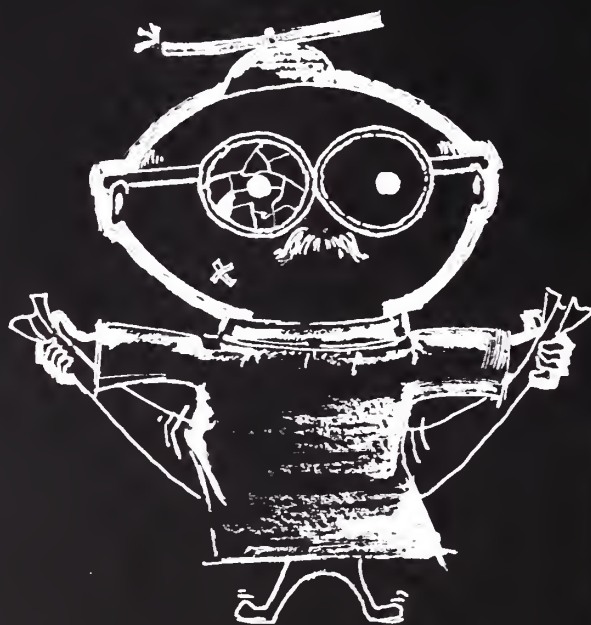

Mr. Winter's Geography class points out places on the world map, national map, and the globe.

World Geography is a story of regions and resources, of continents and countries, of political boundaries and economic activities in terms of Geography's influences on men's lives and fortunes.

Part one of the course, with special emphasis on the role of the United States, points out the importance of commodities in making the nations of the earth interdependent. Part two emphasizes lands beyond the borders of the United States to show how the geographic conditions in other areas directly affect the way their people live and why they react as they do to the many problems of the world.

Junior-Senior Prom Mardi Gras

"Mardi-Gras" was the theme of the Junior-Senior Prom held May 11, 1963. The couples entered the cafeteria through an archway covered with pastel-colored carnations. The cafeteria was transformed into a rollicking street of New Orleans. Buttercup yellow, purple, and green trimmed each wall with a grape arbor at one end of the room. The low ceiling was a mass of color which added to the gaiety of the evening.

Dancing to the music of Bill Salyer's Combo inspired everybody's feet. Confetti, which floated down on couples' hair, added to the festivity.

Hey, let's twist!

Walking into a beautiful Prom!

What an evening for romance!

What would we do without them?

It's raining confetti!

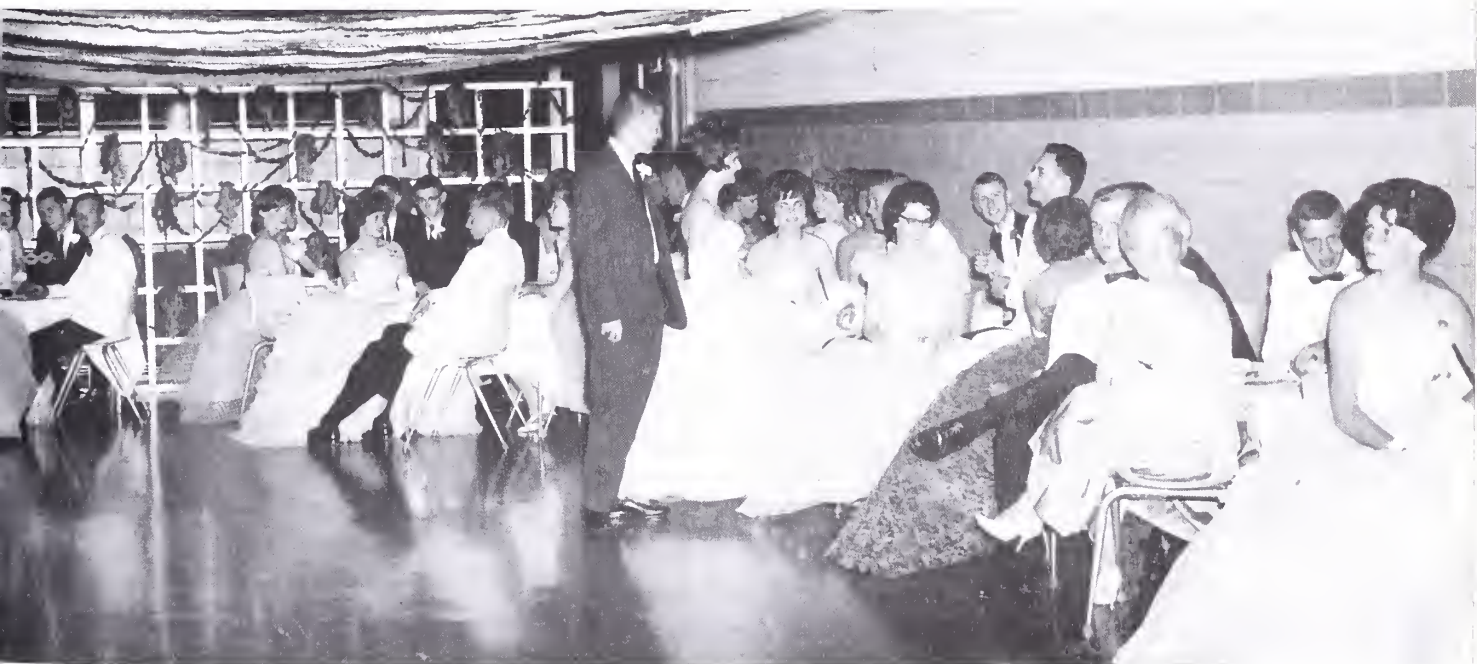

Intermission calls for food.

Our honored guest.

Dancing in the dark.

Marion 12—Graham 35

The G-Men, of Graham, later to be state champs, spilled the Hurricane in the opening game of the season. The deciding factor was the experience and weight which Graham had. Kirk Spitzer scored both touchdowns, once on a sixteen-yard sprint and the other on a eighty-five yard kick-off return.

Marion 0—Chilhowie 6

Marion was edged by the Warriors by one touchdown. The vital factor again was more experience by the opponents, although it was a great battle of defense all the way.

Marion 7—Pulaski 25

Marion got off to a great start and played superior ball during the first half. The Orioles, because of experience and reserve strength, overcame the Hurricane in the third period. Kirk Spitzer pushed across Marion's only touchdown and kicked the extra point.

Marion 6—Richland 26

Marion still looking for its first victory of the season was downed by Richlands. Millard scored Marion's only touchdown on an 18-yard scamper.

Marion 0—Grundy 40

Grundy's Golden Wave spoiled Marion's homecoming by rolling over the Scarlet Hurricane.

Marion 6—Tazewell 59

Marion's Scarlet Hurricane, hampered by injuries, was soundly defeated by Tazewell's Bulldogs. Tazewell was led by Don Barnes who scored four T.D.s. Marion's lone score came on a 25-yard pass play from Larry Bales to Roger Bales.

Marion 0—Virginia High 19

The Virginia High Bearcats won their first game of the season, as they shutout the Marion Scarlet Hurricane 19-0. Larry Robinson scored two TDs for Virginia High, with Eddie Childress scoring the final tally for the Bearcats from the Marion five-yard line.

Marion 0—Abingdon 13

The Abingdon Falcons shutout Marion 13 to 0 in a hard fought contest. The Falcons scored in the second and fourth quarters, and the Hurricanes gained the one foot mark in the final seconds of the game, but failed to score. Marion's linemen proved their salt in a hard-fought defensive.

Marion 6—Wytheville 19

The Wytheville Maroons tagged the Scarlet Hurricane by 19 to 6, with Steve Cale scoring all of the Maroons points. Marion's single score came in the final stanza on a 56-yard pass play from Johnny Millard to Jimmy Ingram.

Marion 14—Saltville 13

The Marion Scarlet Hurricane tagged a 14 to 13 victory on the Saltville Shakers for its first and only victory of the season. Marion came up in the second quarter with a TD by Byron Shankman, with Kirk Spitzer picking up the PAT. Spitzer crossed from six yards out to tie the score and then kicked the extra point to take the game in the fourth stage. Both teams finished the season with 1-9-0 records.

Once again Coach Harkins was hindered by the lack of height. On the team there were only four returning lettermen and only one starter from last year, Jimmy Ingram. This lack of ability, experience, and height was overcome by the organized team work, hustle, and most of all, hearts of desire. Marion proved to be tops in the county, winning the county tournament. Marion won their first game in the Southwest Virginia District Tournament, but lost the second game to the champs, Tazewell.

Third Row: Dorothy McFarlane, Sandra Johnson, Linda Freeman, Janice Barr, Phyllis Luquer, Kent Hanshew, John Booth, Eugene Helton, David Wolfe.

Fourth Row: Mary Page Williams, Janie McKay, Martha Porter, Judy McCall, Virginia Riddle, Jane Potter, Susan Scott, Judy Barker, Alexina Lemmon, Janet Tuell, Annie Meek, Shirley Guy.

Fifth Row: Johnny Millard, Paul Hicks, J. S. Staley, Pat Dishner, Howard McCormick, Carol Collins, Patricia Williams, Sandy Garvey, James Wassum, James Webster, Jerry Walls, Preston Boone, Joey Pugh.

The Student Cooperative Association is organized to promote citizenship, self-improvement, a well-rounded recreational program, a better health program, and better cooperation among students, teachers, and the community.

Projects that were continued this year were: sponsoring the homecoming dance, the variety show, and the radio program "Scholastic Scoops;" promoting the honor code with special emphasis on an honor plaque for each room; supporting the March of Dimes; assisting with the discipline committee; and presenting various types of assembly program.

Some new projects this year were: a program to welcome the new students; membership cards for each student; and emphasis on minutes being read to each homeroom. Committees worked on ways to instill a deeper sense of patriotism in the students and made plans for a foreign exchange student.

The Beta Club is set up to stimulate effort, reward achievement, and encourage its members to continue their education. Membership is based on worthy character, good mentality, creditable achievement, and commendable attitude.

This year the Beta Club presented a school assembly program and a radio program for American Education Week. Members of the club sold candy to help send delegates to the State Beta Convention in Richmond. The Beta Club also helped sponsor community service drives. The club presented a gift to the school at the end of the year.

New members receive pins and certificates at installation service.

Selling candy was the money-raising project of the club.

The Jr. Tri-Hi-Y enables freshmen and sophomore girls to understand and hold high ideals of Christian standard and conduct.

Service projects of the club include giving a Christmas party for underprivileged children and sending gifts to the State Hospital. In cooperation with the other Y Clubs, the Jr. Tri-Hi-Y sponsored the District Workshop in Marion and the Christmas Dance. They cooperated with the SCA on the district meeting.

Members attended church one Sunday each month as a group. Delegates were sent to District Workshop, District Y Meeting, and Model General Assembly.

The Executive Committee makes plans for new club projects.

Susan Sneed leaves for Model General Assembly.

Rebel Band

This year the Marion High School Band had sixty members, ranging from the eighth to the twelfth grade. The band participated in the following activities: half time activities at football games, Shriner's Parade in Roanoke, District Music Festival at John S. Battle High School, three school assemblies, a public concert in May, all local parades, and Abingdon's homecoming parade. In District Music Festival the band received a I rating. This year, for the first time in fourteen years, the band was host to the District VII All-State Band. Twenty students represented Marion in this event.

All-State Members: Carol Collins, Richard Kirk, Kayretha Ford, Donna Greenwood, Susan Sneed, Joseph Harris, Alexina Lemmon, Susan O'Donnell, Mary Page Williams, Rebecca Killinger, Claude Brooks, Joey Pugh, David Wolfe, Ronald Anderson, Jimmy Wassum, Paul Hicks.

Boys' Varsity

First Row: Jimmy Ingram, Treasurer; Kent Hanshaw, President; Joe Matthews, Vice-President; Kirk Spitzer, Secretary.

Second Row: Paul Hicks, Ronnie Johnson, William Asbury, Joe Hutton, Johnny Barr, Charles Hastings, Pete Grissom.

Third Row: Roy Winters, Gerald Hall, James Wassum, Edward Anderson, Johnny Millard.

Fourth Row: Jerry Page, Danny Musser, Stafford Stephenson, Mr. William Earp, Sponsor; Robert Francis, Roger Bales, Johnny Deathrage.

The Boys' Varsity Club is comprised of all boys who have earned a letter in one of the five major sports—football, basketball, baseball, track, and golf. The aims of the club are to promote better sportsmanship, more participation, and the best athletic teams for Marion Senior High School.

The club gives a sweater to all seniors who have earned five letters and also gives a special award to any boy who letters four years in the same sport.

The main project of the club was selling drinks and candy at the home basketball games. The club also sponsored a go-kart race, donated money for the purchase of song books to be used in assemblies, gave Mr. Guy Dutton a blazer for all the work he has done for athletics in Marion, and presented Dr. Jim Thompson, our team physician, with a varsity jacket.

Fourth Row: Martha Porter, Jeanette Lee, Peggy Pennington, Jean Boxley, Toni Pennington, Judy Eller, Kathy Prose, Rodney Dillman, Mike Smythe, Betty McKay, Judy Cassell, Ann Potter, Sue Ann Warren, Candice Dahl.

Fifth Row: Gary Phillips, Larr Richardson, Ronald Sexton, David Powell, David Sprinkle, Kenny Sturgill, Gregory Lee, Kenneth Landreth, Robert Peavler, Johnson Eller, Tommy Orr, David Stamper.

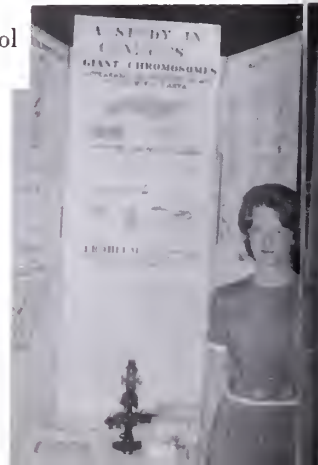

The objective of the Science Club is to provide students with an opportunity to develop an interest in some phase of science on their own.

The Science Club is the sponsor of the Marion Senior High School Science Fair and the Smyth County Science fair each year.

Winston Clark's project won first place in the MSHS Science Fair.

Ann Potter exhibits the best project in the Smyth County Science Fair.

Senior Chorus

First Row: Kay Perkins, Pianist; Mr. David Armistead, Sponsor.

Second Row: Louise Sherlin, Kathy Olinger, Thelma Hamm, Miao Ying Ho, Sandra Smith, Lucille Deathrage, Deanie Olinger, Sandra Johnson, Rosemary Aker, Sue Cregger, Dorothy McFarlane, Betty Burchett, Carol Blevins, Linda Testerman.

Third Row: Reba Cale, Jo Ann Wymer, Phyllis Wassum, Mamie Umbarger, Christella Gross, Ruth Armstrong, Marie Kitts, Dorothy Blevins, Gaynelle Jones, Norma Robinson, Nancy Boone.

Fourth Row: Jo Ann Hall, Linda Anders, Norma Cress, Nancy Murray, Jean Aker, Wanda Thomas, Doris Beverly, Rita Smith, Nancy Eller, Louise Harris, Geraldine Bise, Peggy Russell.

Fifth Row: Gene Helton, Pete Grissom, Thomas Overbay, Charles Lindsey, Harold Varney, Roger Martin, Don Webb, Don Pruitt, Dean Blevins, James Burkett, David Altizer, Allen Russell.

The purpose of the Senior Chorus is to promote interest in music and to help students learn to enjoy music.

The Chorus sold programs at school football games and participated in school assemblies at Thanksgiving and Christmas. A mixed quartet sang at a local club meeting. Eight members of the Chorus were chosen to attend All-State Chorus in Narrows. Four of these eight members were selected to be in the Virginia All High School Chorus.

The Chorus quartet sings for a local club.

All-State members: Miao Ying Ho, Kay Perkins, Sandra Johnson, Phyllis Wassum, Jean Aker, Gene Helton, Donald Webb, Nancy Murray.

Literary and Forensic

First Row: Ronnie Johnson, Reporter; Anna Kinser, Secretary; Sharon Luquer, President; Paul Hicks, Vice-President; Joe Hutton, Treasurer.

Fourth Row: David Meek, David Powell, Alex Hopkins, Judy Caudill, Mr. Chester Jordan, Sponsor; Rebecca Killinger, Linda Odham, Rebecca Steffey.

The purpose of the Literary and Forensic Club is to stimulate interest in various forms of public speaking and dramatics, to promote and improve the talents of the members, and to improve Marion Senior High School's representation at forensic meets.

To become a member of the club, each member must be interested in some field of work; such as, public speaking, prose and poetry reading, dramatics, or spelling.

Each year the club is responsible for the Marion Senior High School Forensic Meet, takes part in the Smyth County and District Forensic Meets, and hopes to send some participants to the State Forensic Meet.

Students participate in local oratorical contests.

Latin

First Row: Mary Page Williams, Mike Smythe, Vice-President; Kathy Prose, President; Doug Volz, President; J. S. Staley, Vice-President; John Fenyk, Secretary; Linda Trail, Secretary.

Second Row: Miss Elizabeth Neff, Sponsor; Sharon Dunford, Charlotte Thomas, Patsy Johnson, Susan Scott, Sharon Gambill, Treasurer; Ervin Farmer, Treasurer; Judy Barker, Linda Boyer, Peggy Pennington, Donna Pennington, Athlyn Ogle.

Industrial Arts

First Row: Allan Umbarger, Howard Quillen, William Meek, William Rosenbaum, Secretary-Treasurer.

Second Row: David Britton, Robert Blevins, Willis Farmer, Mr. Lloyd Vicars, Sponsor; Hubert Hopkins, Charles Funk.

The Industrial Arts Club is organized to develop high standards of craftsmanship and to assist school and civic organizations in presenting plays and special programs.

In carrying out these objectives, members construct stage props, provide stage lighting, and operate the public address system, the movie projector, and the stage curtains.

The major project of the year was the making of letters for the school marquee and the operating of the marquee for all school events.

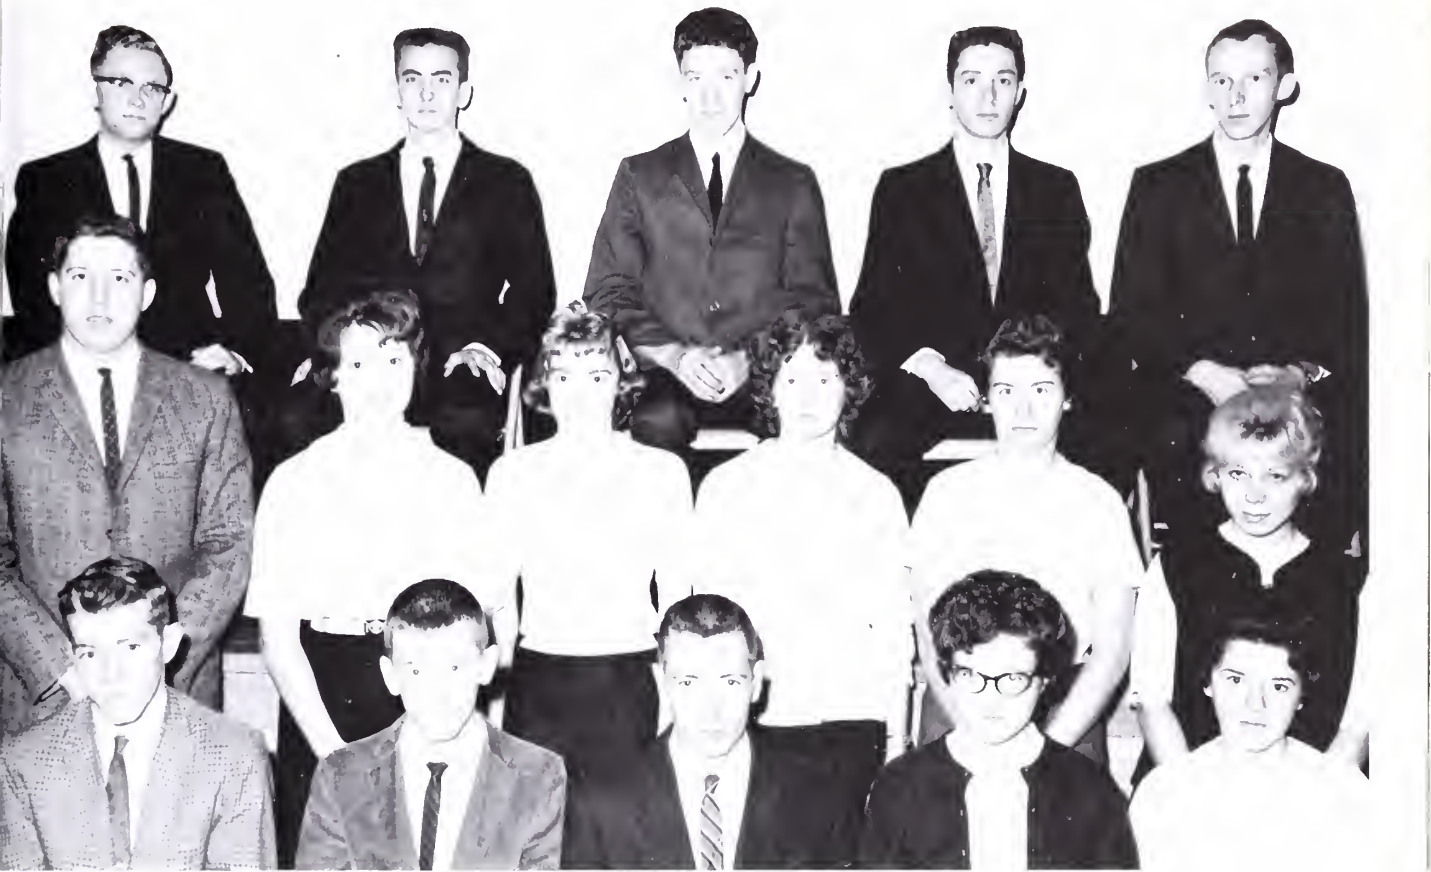

Members post events on the school marquee.

Distributive Education

First Row: Roger Martin, Treasurer; Randall Arnold, Vice-President; John Booth, President; Dorothy Whitt, Secretary; Karon Slagle, Reporter.

Second Row: Mr. Harold Ward, Sponsor; Sharon Luquer, Linda Anderson, Chaplain; Peggy Armstrong, Doris Sherwood, Patricia Litton.

Third Row: Fred Osborne, William Schrader, Robert Blevins, William Hastings, Donald Powell.

The purpose of the Distributive Education Club is to coordinate classroom instruction related to a chosen business occupation in retail, wholesale, and service fields. At the same time the student acquires work experience and training with a businessman who provides part-time employment for which the student receives school credit plus pay.

In January the Distributive Education Club attended the district meeting in Abingdon. In February the club members participated in the district meeting in Saltville. The club members received five placings in individual fields of competition; two of these were first places. The club entered a float in the Christmas parade. Every Friday of each week was dress right day for the members.

Library

First Row: Phillip Patterson, Secretary; Susan Wetsten, Vice-President; Dorothy McFarlane, President; Kay Ford, Treasurer.
Second Row: Revonda Prater, Patricia Gambill, Miss Trula Fleenor, Sponsor; Anne Wilson, Reporter; Lillian Lynch.
Third Row: Wanda Combs, Peggy Brooks, Charles Ernest, Elizabeth Roark, Doris Beverley, William Fuller.

The Library Club is made up of those students who assist the school librarian in making our school library ideal. They help carry out the work of the library by reading shelves, checking out books, and helping other students find materials. They assist the students in becoming acquainted with the books, magazines, and other printed material, as well as the films, film strips, recordings, and maps contained in the library.

The main purpose of the club is to supply the students with a rich source of material that will support and enrich the educational program.

The Library Club aids students in checking out books and . . .

Fifth Row: Nancy Calhoun, Sandra Holman, Linda Hancock, Linda Cale, Connie Smith, Charlotte Hamm, Frances Adams, Margaret Sexton, Mrs. Dillard, Sponsor.

The purpose of the Future Homemakers of America as expressed by their motto, "Toward New Horizons," is "learning to live better today in order that our lives may be better tomorrow."

The Junior Club tried during the year to fulfill this purpose through its various activities. In order to promote its activities, the club operated a snack bar, sponsored the Mother-Daughter Party, sold vanilla and lemon flavoring, and prepared a Christmas basket. Besides these special projects, the officers served at the principals' supper once each month.

Members learn to be future homemakers through cooking

Backward Glance

On August 26, 1962, the doors of Marion Senior High opened; six hundred eager students entered for a year of fun, study, excitement.

Coach Earp and his hard hitting eleven tackled Graham on August 31 only to lose the first game. The team had a 1-9 record for the season. Even with this record, however, they were praised for their never ending efforts.

On September 18, the Seniors were bursting at the seams. The rings had arrived! Throughout the day the Seniors could be seen with extended hands as they showed off their newest possessions.

College Career Night, held on September 26, brought students from neighboring communities to discuss their future.

Homecoming weekend was highlighted by the Variety Show, "Hurricane Follies," and the Homecoming Dance. The Homecoming court consisted of Tessie Dishner, Queen; Marcy Hall and Jean Owens, senior attendants; and Sandy Garvey and Reba Pickle Bales, junior attendants.

Everyone willingly took advantage of a few days of leisure during Thanksgiving holidays, and then thoughts turned to basketball. The first basketball game was played on December 11. The teams wound up the season with a 13-10 record for the boys and a 11-1 record for the girls. Both teams won championships in the Smyth County Basketball Tournament.

The Junior Class presented "A Midsummer Night's Dream" on December 8, 1962. Elizabeth Werth, Richard Kirk, and Jimmy Wassum were in the title roles.

"Crystal Magic" was the theme of the annual Christmas dance sponsored by the "Y" clubs. Queen Marcy Hall and King Johnny Millard reigned over the dance.

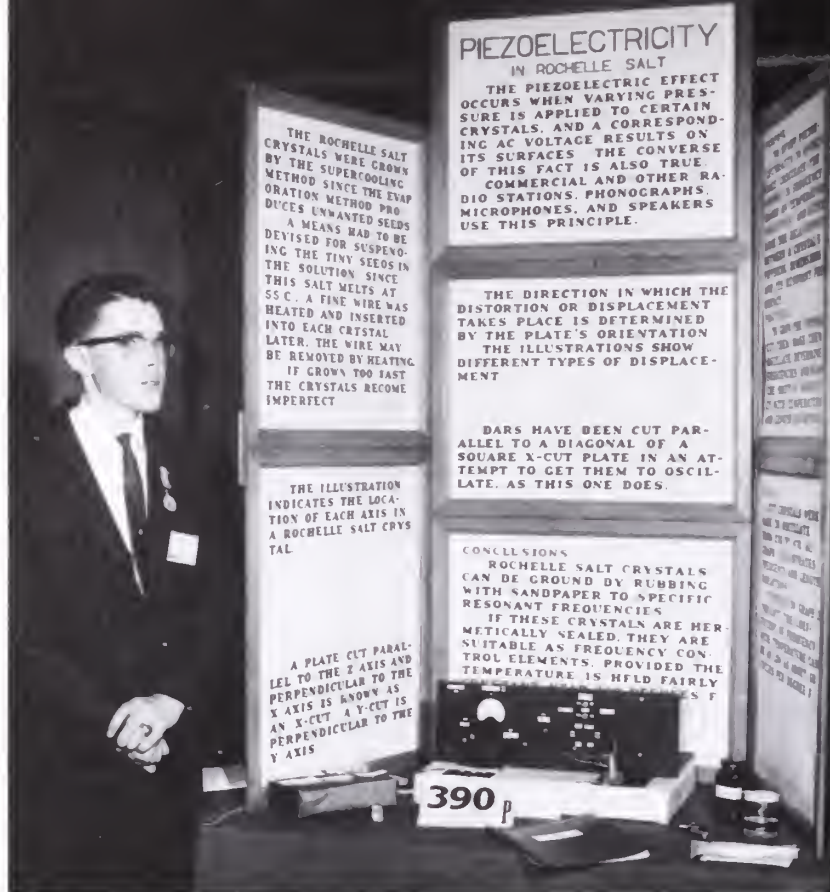

The long awaited Christmas holidays began on December 19. They were much too short, however, and we returned only to face the mid-term exams on January 16, 17, and 18.

The Valentine Dance on February 16 was sponsored by the F.F.A. and the F.H.A. "Cupid's Cove" was the theme; Pete Sledd and Tessie Dishner reigned as King and Queen.

On March 29 the Senior Class presented a Broadway comedy, "Dear Ruth," under the direction of Mrs. George Walker. Janie McKay and John Booth held the leading roles.

May 2, 3, and 4, the days of the unforgettable Senior trip to Washington, were the beginning of many Senior activities. On May 11 the Seniors were entertained by the Juniors at the annual Junior-Senior Prom. Finally, the long awaited events, Graduation Day, arrived on June 3.

As we, the Seniors of Marion Senior High School, leave the halls of our beloved school, we leave you with this thought: Always strive to do your best, never lose faith in what you are doing, and you will surely succeed.

Finale

You have witnessed, now, through Gaylord's telescope the events and people who have done much to make us what we are. Though Gaylord has left us now, he has left behind this collection of memories which we hope will accompany you as you journey onward into broad horizons.

To our sponsors, Mrs. Neal Echols and Mr. Fred McDonald, we extend heartfelt thanks for the help, guidance, patience, and understanding which they have given us. We would also like to extend our thanks to the Watson Lithographing Company for their work and help in publishing the 1963 HURRICANE.

We have attempted to combine in this yearbook all the things which make Marion High School so highly thought of, and the many classes and activities which we shall always remember.

OUR *Ever-Present* CHALLENGE

The prosperity and individual freedoms we enjoy today are hard-earned gifts from our forefathers and must never be taken for granted.

Each new generation must stand on its own feet and preserve these freedoms.

The freedoms we enjoy through the American Way have a high price and must be earned over and over.

W. Somerset Maugham expresses it this way: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."
